

## **CRA's Forensic Services Practice Achieves ISO Certification for Information Security Management**

January 16, 2019

BOSTON--(BUSINESS WIRE)--Jan. 16, 2019-- [CRA International, Inc.](#) (NASDAQ: CRAI), a worldwide leader in providing [economic, financial, and management consulting services](#), announced today that its Forensic Services Practice – including its state-of-the art digital forensics, eDiscovery and cyber incident response lab – has been [certified](#) under International Organization for Standardization (ISO) 27001:2013 requirements.

"I am proud of the Forensic Services Practice's unwavering commitment to complying with exacting information security standards. The certification helps our Forensic Services team to protect their data and information, as well as that of their clients and business partners," said CRA's President and Chief Executive Officer [Paul Maleh](#).

"To our knowledge, we are the first forensic services practice in the nation to achieve this elite certification," said [Cuyler Robinson](#), Forensic Services Vice President, who led the team's efforts through the audit.

Forensic Services Practice Leader [Kris Swanson](#) added, "This achievement will give clients increased comfort when entrusting their critical information assets to us for preservation and forensic analysis."

ISO is an independent, international organization that develops voluntary, consensus-based, market-relevant standards that ensure quality, safety and efficiency in products, services and systems. ISO 27001:2013 is the best-known information security standard and provides a systematic approach to managing sensitive company information so that it remains secure.

To learn more about CRA's ISO 27001:2013 certification, please contact [Cuyler Robinson](#).
